

Date : 20th May 2014

To whom it may concern,

MIMOS Open Innovation Platform (OIP) Technology Sharing Session

We are pleased to invite you to join the above program.

MIMOS Berhad is a Malaysia national R&D centre in ICT under purview of the Malaysian Ministry of Science, Technology and Innovation (MOSTI) will be holding a MIMOS Technology Sharing Session on MIMOS OIP as part of Technology awareness program. This session is held with respect to MOSTI recent announcement of Year 2014 as "Year of Commercialisation".

Therefore, MIMOS is pleased to invite CREST team and the respective CREST's associate private companies and partners to this "Technology Sharing" session organized by CREST on 28th May 2014. The key focus of this session would be on technology sharing of MIMOS Open Innovation Platform (OIP).

The proposed agenda for this session is as follows;

1. General overview of MIMOS Technology
2. MIMOS Open Innovation Platform Technology sharing (Sensors Development Kit)

We would like to thank also CREST team, in assisting MIMOS to assemble the interested parties for this awareness program.

We look forward for your team presence and to have you on board.

Thank you.

Regards,
