

Research Statement

Name of Applicant: _____
Nationality: _____
Programme of Study*: Master by Research/Ph.D. by Research
Mode of Study*: Full-time/Part-time
* Delete where not applicable

Please provide the following information.

1. What is the research area you wish to explore for your Master/PhD study? Please elaborate as much as you can.

Note: You can consider (but not limited to) using some of the following points to guide you in preparing this section:

- What is the problem you are aiming to solve?
- What are the research questions you have in mind?
- How do other researchers address such problem and what are their limitations? How would you like to do it or address it differently?
- What are the main aims of the project?
- What would you like to prove, demonstrate, analyse, test, investigate or examine in your research?

2. What are the research skill(s) or related research experience(s) or transferable skill(s) you might have that could help and support you while pursuing your research in the chosen research area?

3.

Proposed Research
Topic/Title:

4. Which domain BEST describes your proposed research area? (a) Engineering, (b) Information Technology, (c) Management, Business or Finance, (d) Law, (e) Creative Multimedia or (f) Others/ Interdisciplinary (please state the names of the domains).

Domain:

5. Please identify a list of potential MMU's supervisors who can potentially supervise your proposed research work. (Please provide minimum two and up to four using the space provided below)

Supervisor 1: _____

Supervisor 2: _____

Supervisor 3: _____

Supervisor 4: _____

Please visit <https://mmuexpert.mmu.edu.my/> to search and identify potential supervisor(s).

You may perform keyword search using the following steps:

- Click on dropdown list.

- Select **Expertise** and enter your research keyword(s).
- Press **Search** button.
