The same course can be considered for credit transfer multiple times provided that the transfer is for programme within the same field. Student may use the same courses from the first postgraduate degree to credit transfer for subsequent postgraduate degree programme
 - If the previous qualification is from a different institution, the credit transfer is subject to an academic residential requirement of 1 trimester/semester for Master/PhD level programmes.
- (i) Student following a postgraduate programme and wishes to change to another postgraduate programme offered by MMU at the same level and within the same field. This is on condition that he/she meets the requirement of the new postgraduate programme:
- Grade transfer is allowed. In this case, there is no limit to the amount of credit allowed to be transferred.
 - If the previous postgraduate programme is from another institution of higher learning, the credit transfer is dependent on the academic residential requirement of 1 trimester/semester for Master/PhD level.
- (ii) Postgraduate student of a programme in MMU who enrolls for a few courses at another institution of higher learning at the same time (for example via mobility or exchange programme).
- Credit transfer is allowed and it must not be more than 30% of the total credit of the programme registered for and it is also dependent upon the mutual understanding of both institutions
- (iii) Other cases of horizontal credit transfer for postgraduate programmes are to be considered on a case to case basis subject to approval by the committee authorized by Senate of MMU or the Senate itself.

The quorum at a viva voce is THREE members, i.e. Chairman, an Internal Examiner or External Examiner, and Dean of Faculty (or his representative).

*Amended by
Senate No.

2010*

If a quorum is not reached, the viva voce will have to be postponed.

One of the examiners must be present for the BOE meeting and viva voce session. For Ph.D. candidates, at least one of the External Examiners must be present for the BOE meeting and viva voce session.

An Internal Examiner who resigns shall be replaced by a member of the academic staff within the related field. He shall present the report on behalf of the former Internal Examiner.

The viva voce will be arranged once the reports from all the examiners have been received. The candidate will be given ONE week notice for the viva. Due to the short notice given, candidates are advised to keep IPS informed of their whereabouts and contact numbers.

*Reworded
for clarity
(September
2010)*

The University shall practice an open viva system where the viva session shall be open to the University community. The BOE will deliberate on the reports by the external and

internal examiners without the presence of the candidate, after which the viva session shall start with the presentation by the candidate (approximately 30 - 45 minutes for a Ph.D. candidate and 20 - 30 minutes for a Master's candidate) covering all aspects of a typical thesis:

- Introduction
- Objectives and Deliverables
- Contribution to Knowledge
- Research Background/Literature review
- Research Methodology/Analysis and Design
- Implementation/Results and Discussion
- Conclusion and Future Work

This will be followed by a defence of the thesis, i.e. Q&A session. In this session, the Supervisor and Co-Supervisor are not allowed to answer on behalf of the candidate unless requested by the Board.

After the Q&A, the candidate and audience will be asked to leave the room while the BOE deliberates on the decision. The Supervisor and Co-Supervisor will take note of the results and amendments/corrections that need to be done and the timeline for the candidate to submit the revised thesis.

12.7.6 Decision

The decision of the BOE will be conveyed to the candidate officially in writing by the Secretary of the Board within ONE week from the date of the viva voce.

data, re-presentation of written data in the form of figures or tables, an improvement in the discussion of results and extensive improvement in grammar, syntax and presentation.

The examiners may recommend the candidate to seek for the assistance of an editorial service if errors in grammar and syntax are extensive, in which case, the candidate is required to submit proof of engaging the service along with the final thesis.

BOE will decide on the duration for the candidate to make the corrections.

▪ **Re-examination [4]**

The candidate is required to undertake further work, after which he shall re-submit the thesis for re-examination (See 12.7.7).

▪ **Rejected [5]**

The thesis has not attained the status of a Master's or a Ph.D. degree. For a Ph.D. thesis, the BOE may recommend one of the following*:

[5.1] The thesis has not attained the status of a Ph.D. degree and the candidate is deemed to have failed the examination and shall not be awarded a degree.

[5.2] The thesis has not attained the status of a Ph.D. degree but the candidate may be awarded the degree of Master's.

A candidate whose thesis is rated as [1], [2] or [3] shall be given a period in accordance to the examination result/verdict to submit the final thesis to the Dean of IPS.

Prior to the final submission, the candidate must submit a copy of the corrected thesis to the Supervisors for checking and verification that all required amendments have been completed.

If required, after the Supervisors have checked the thesis, it will be submitted to the stipulated Examiner to verify that all required amendments have been made. In the event of the absolute unavailability of the Examiner (resignation of the Examiner or other

unforeseen circumstances), any member of the BOE may be assigned to verify the changes made to the thesis.

If required, the candidate can submit an application to IPS for an extension of the final thesis submission deadline.

During the period after the viva-voce and up to the point of submission of the final thesis, the candidate shall hold the status of 'Completed', which means that he is a non-paying active candidate.

12.9.4 Senate Approval of Examination Report

After the candidate has submitted his final thesis, IPS shall prepare the official Examination Report of the candidate. This report shall be verified by the Dean of IPS and the Chairman of the BOE, and then forwarded to the Senate for approval (see 12.10).
